

NOTICE OF JOB VACANCY

JOB TITLE: TB Nurse Consultant

SALARY: \$62,961.60 (w/ 2 yrs exp) + DOE

CLOSING DATE: July 28

Work Hours: Normal work hours are Monday through Friday, 8am to 5pm. However, because this is an exempt position evening and weekend work is expected.

BRIEF SUMMARY OF JOB:

This specialist position will function in the areas of epidemiology, surveillance and public health emergency preparedness procedures. This position will serve as a focal point for the staff and communities seeking specialized assistance and guidance in areas of infectious disease surveillance, prevention and treatment, preparation for rapid responses for public health emergencies or other catastrophic events. Additionally, this position will continue the coordination and implementation of treatment plans for active TB cases and preventive therapy on TB infected individuals. This position will work harmoniously with other PHN's and health care providers to enhance community competency and preparedness to assure cultural and other special population needs are addressed. In accordance with NSHC's mission, philosophy, policies and procedures this position will provide patient, family and community health care while applying standards for public health nursing practice in the clinical setting.

QUALIFICATION REQUIREMENTS:

Education: Bachelors degree in Nursing or Masters degree in related health field from an accredited college or University. Graduation from an accredited diploma school of nursing with two years of professional nursing experience in a health center or community health agency will be considered. **Registration/Certification:** Licensed Registered Nurse in the State of Alaska or ability to be licensed in the state of Alaska. **Experience:** Two years of professional experience preferably in the "communicable disease" clinic setting. Must be skilled in working with multi-disciplinary groups and serving as a community liaison. **Working Conditions:** Well-lighted and ventilated work area. Work may frequently be performed in village clinics. **Travel:** Frequent travel to the villages of the Bering Straits Region. Must be able to fly in small aircraft in inclement weather.
